Dear Mr Zver,

Thank you very much for your letter concerning the organisation of the Day of Slovenian Culture in Brussels in September 2018, in which you request the CULT Committee to support this event to be organised on the Esplanade Solidarność 1980, in vicinity of the European Parliament.

I am very glad to inform you that, at their meeting on 20 February 2018, CULT Committee coordinators decided to give their full support to this event. We believe that the rich Slovenian culture should be shown to the larger public in this important area and thus contribute to the dialogue between people working and living in the area.

I would like to take this opportunity to wish you all the very best for the Day of Slovenian Culture, which I hope will be very successful.

Yours sincerely,

Petra Kammerevert
